About us

Masters Agri Seed is registered in Delhi with its Headquaster located in Delhi itself. Masters Agri Seed is engaged in R&D based hybrid seeds development, production and marketing across different states of India.

We also welcome bulk / Loose seeds enquiry and customized packaging. We are focused to create awareness amongst the farmers about benefits of using quality hybrid seeds.

The key activities of Masters Agri Seed are handled by the people with reputation, who have vast experience in the seed industry and backed by visionary leadership.
